

# **Financial Analysis, Modeling, and Forecasting**

---

3<sup>rd</sup> Edition

# Table of Contents

---

<b>Chapter 1 – Break-Even and Contribution Margin Analysis</b> .....	<b>1</b>
Learning Objectives .....	1
Introduction.....	1
Cost-Volume-Profit Analysis.....	1
Applications of the CVP Model.....	1
What and Why of Break-Even Analysis .....	2
Break-Even Point.....	2
The Formula Approach .....	5
What Is Margin of Safety?.....	6
Cash Break-Even Point.....	6
Operating Leverage .....	7
Sales Mix Analysis.....	8
Contribution Margin Analysis.....	9
Concepts of Relevant Costs.....	10
Accepting or Rejecting a Special Order.....	10
Analyzing the Make-or-Buy Decision.....	11
Determining Whether to Sell or Process Further.....	12
Adding or Dropping a Product Line.....	12
Utilizing Scarce Resources .....	13
Don't Forget the Qualitative Factors .....	14
Conclusion.....	14
Review Questions.....	15
Review Answers .....	16
<b>Chapter 2 – Understanding and Applying the Time Value of Money Concept</b> .....	<b>17</b>
Learning Objectives .....	17
Introduction.....	17
Assumptions of Present Value and Future Value Techniques.....	17
Present Value Table .....	17
Future Value Table .....	18
Both Present Value and Future Value Tables.....	18
Perpetuities .....	26
Conclusion.....	26
Review Questions.....	27
Review Answers .....	28
<b>Chapter 3 – How to Assess Capital Expenditure Proposals for Strategic Decision Making</b> .....	<b>29</b>
Learning Objectives .....	29
Introduction.....	29
Capital Budgeting Methods.....	31
Payback Period .....	31
Discounted Payback Period .....	31
Accounting Rate of Return .....	32
Net Present Value.....	32
Internal Rate of Return.....	33
Profitability Index .....	34
How to Select the Best Mix of Projects with a Limited Budget.....	35
How to Handle Mutually Exclusive Investments.....	35
Risk Analysis in Capital Budgeting .....	36
Probability Distributions.....	36
Risk-Adjusted Discount Rate.....	37
Certainty Equivalent Approach.....	38
Simulation.....	38
Sensitivity Analysis .....	38

## Table of Contents

Decision Trees.....	39
Conclusion.....	40
Review Questions.....	41
Review Answers.....	42
<b>Chapter 4 – Analyzing Financial Statements for Financial Fitness.....</b>	<b>43</b>
Learning Objectives.....	43
Introduction.....	43
Who Uses Financial Analysis.....	43
Internal Managers.....	43
External Users.....	43
Horizontal and Vertical Analysis.....	43
Financial Statement Analysis.....	44
Trend Analysis.....	44
Horizontal Analysis.....	44
Vertical Analysis.....	46
Ratio Analysis.....	48
Liquidity Analysis.....	48
Accounts-Receivable Ratios.....	51
Inventory Ratios.....	52
Interrelationship of Liquidity and Activity to Earnings.....	52
Measuring a Company’s Ability to Pay Its Long-Term Debt.....	53
Profitability Ratios.....	54
Evaluating Stock as an Investment.....	56
Conclusion – Limitations of Ratio Analysis.....	57
Review Questions.....	58
Review Answers.....	59
<b>Chapter 5 – Analyzing Quality of Earnings and Using Variance Analysis for Cost Control.....</b>	<b>61</b>
Learning Objectives.....	61
Introduction.....	61
Quality of Earnings.....	61
Analysis of Discretionary Costs.....	62
Accounting Estimates.....	63
Internal Control and Management Honesty.....	64
Auditor Relations and Reports.....	64
Variance Analysis for Cost Control.....	64
Responsibility Accounting and Responsibility Center.....	64
Standard Costs and Variance Analysis.....	65
General Model for Variance Analysis.....	66
Materials Variances.....	67
Labor Variances.....	67
Variable Overhead Variances.....	68
Flexible Budgets and Performance Reports.....	68
Nonfinancial Performance Measures.....	70
Conclusion.....	71
Review Questions.....	72
Review Answers.....	73
<b>Chapter 6 – Analysis of Segmental Performance and Profit Variance.....</b>	<b>75</b>
Learning Objectives.....	75
Introduction.....	75
Segmental Reporting for Profit Centers.....	75
Profit Variance Analysis.....	76
Types of Standards in Profit Variance Analysis.....	77
Single Product Firms.....	77
Multi-Product Firms.....	78

## Table of Contents

Sales Mix Analysis .....	81
Performance Reports .....	82
Conclusion .....	82
Review Questions .....	83
Review Answers .....	84
<b>Chapter 7 – Evaluating Divisional Performance .....</b>	<b>85</b>
Learning Objectives .....	85
Introduction .....	85
Rate of Return on Investment (ROI) .....	85
The Breakdown of ROI—Du Pont Formula .....	85
ROI and Profit Planning .....	87
Residual Income (RI) .....	88
Residual Income and Economic Value Added .....	88
Investment Decisions under ROI and RI .....	89
Conclusion .....	89
Review Questions .....	90
Review Answers .....	91
<b>Chapter 8 – Analyzing Working Capital .....</b>	<b>93</b>
Learning Objectives .....	93
Introduction .....	93
Evaluating Working Capital .....	93
Cash Management .....	94
Acceleration of Cash Inflow .....	94
Delay of Cash Outlay .....	97
Cash Models .....	98
Management of Accounts Receivable .....	100
Credit Policies .....	100
Monitoring Receivables .....	100
Credit Policy .....	101
Determining the Investment in Accounts Receivable .....	101
Discount Policy .....	102
Inventory Management .....	106
Quantity Discount .....	107
Investment in Inventory .....	107
Determining Carrying and Ordering Costs .....	107
Control of Stockouts .....	110
Conclusion .....	110
Review Questions .....	111
Review Answers .....	112
<b>Chapter 9 – Corporate Investments .....</b>	<b>113</b>
Learning Objectives .....	113
Introduction .....	113
Accounting Aspects .....	113
Analytical Implications .....	113
Obtaining Information .....	114
Market Information and Indexes .....	115
Economic and Political Events .....	115
Industry and Company Analysis .....	115
Electronic Databases .....	116
Risk versus Return .....	116
Financial Assets .....	117
Common Stock .....	117
Preferred Stock .....	118
Bonds .....	118

## Table of Contents

Convertible Securities .....	118
Warrants.....	118
Options.....	119
Futures Contracts .....	120
Real Assets .....	122
Real Estate.....	122
Precious Metals .....	123
Portfolio Analysis .....	123
Mutual Funds and ETFs.....	124
Fundamental Analysis.....	125
Technical Analysis .....	125
Key Indicators.....	125
Charting.....	129
Conclusion.....	132
Review Questions.....	133
Review Answers .....	134
<b>Chapter 10 – Obtaining Funds: Short-Term and Long-Term Financing.....</b>	<b>135</b>
Learning Objectives .....	135
Introduction.....	135
Financial Planning .....	135
Short-Term Financing .....	135
Using Trade Credit.....	136
Bank Loans .....	136
Commercial Finance Loans.....	138
Commercial Paper .....	138
Using Receivables for Financing .....	139
Using Inventories for Financing .....	139
Financing with Other Assets.....	140
Intermediate-Term Financing: Term Loans and Leasing .....	140
Purposes of Intermediate-Term Bank Loans .....	140
Types of Long-Term Debt .....	140
Mortgages .....	141
Bonds.....	141
Cost of Capital .....	141
Computing Individual Costs of Capital.....	142
Cost of Debt .....	142
Cost of Preferred Stock.....	143
Cost of Equity Capital .....	143
Cost of Retained Earnings .....	144
Measuring The Overall Cost of Capital.....	145
Historical Weights .....	145
Conclusion.....	146
Review Questions.....	147
Review Answers .....	148
<b>Chapter 11 – Analyzing Mergers and Acquisitions .....</b>	<b>149</b>
Learning Objectives .....	149
Introduction.....	149
Mergers .....	149
Advantages of a Merger.....	150
Disadvantages of a Merger .....	150
Deciding on Acquisition Terms.....	151
Acquisition of Another Business.....	152
Impact of Merger on Earnings per Share and Market Price per Share .....	154
Risk .....	156
Holding Company .....	156

## Table of Contents

Conclusion.....	157
Review Questions.....	158
Review Answers.....	159
<b>Chapter 12 – Forecasting and Financial Planning .....</b>	<b>161</b>
Learning Objectives .....	161
Introduction.....	161
Who Uses Forecasts?.....	161
Forecasting Methods .....	162
Selection of Forecasting Method.....	163
The Qualitative Approach.....	164
Executive Opinions .....	164
The Delphi Method .....	164
Sales-Force Polling.....	165
Consumer Surveys .....	165
PERT-Derived Forecasts .....	165
Common Features and Assumptions Inherent in Forecasting .....	166
Quantitative Forecasting Methodologies.....	166
Naive Models.....	166
Smoothing Techniques .....	167
Moving Averages .....	168
Exponential Smoothing .....	169
Decomposition of Time Series .....	170
Regression and the Least-Squares Method.....	170
Trend Analysis.....	171
Multiple Regression .....	173
Measuring the Accuracy of Forecasts .....	173
Forecasting Sales with the Markov Model .....	173
Summary of Forecasting Methods.....	175
Conclusion.....	176
Review Questions.....	178
Review Answers .....	179
<b>Chapter 13 – Financial Forecasting and Budgeting Tools.....</b>	<b>181</b>
Learning Objectives .....	181
Introduction.....	181
Forecasting External Financing Needs—The Percent-of-Sales Method .....	181
Budgeting and Financial Planning .....	182
How the Budget Works: An Example.....	184
The Sales Budget .....	185
Monthly Cash Collections from Customers.....	185
The Production Budget .....	186
Inventory Purchases – Merchandising Firm.....	186
The Direct Material Budget .....	186
The Direct Labor Budget.....	187
The Factory Overhead Budget .....	188
The Ending Finished Goods Inventory Budget.....	188
The Selling and Administrative Expense Budget .....	189
The Cash Budget.....	189
The Budgeted Income Statement.....	191
The Budgeted Balance Sheet .....	192
Some Financial Calculations .....	193
Zero-Based Budgeting .....	194
The CPA’s Involvement and Responsibility with Prospective Financial Statements.....	195
Forecasting Cash Flows.....	197
Markov Approach.....	198
Lagged Regression Approach.....	199

## Table of Contents

Cash Flow Software.....	202
Conclusion.....	202
Review Questions.....	204
Review Answers.....	205
<b>Chapter 14 – How to Use Corporate Planning Models.....</b>	<b>207</b>
Learning Objectives.....	207
Introduction.....	207
Types of Analysis.....	207
Typical Questions Addressed via Corporate Modeling.....	208
Types of Models.....	208
History of Models.....	208
Current Trends in Modeling.....	209
Attitudes and Problems.....	210
Recommended Practice.....	211
The Future of Corporate Planning Models.....	213
Financial Models.....	213
Types of Financial Models.....	213
Applications and Uses of Financial Modeling.....	214
Putting Financial Modeling into Practice.....	214
Quantitative Methods Used in Financial Models.....	215
Developing Financial Models.....	215
Definition of Variables and Input Parameters.....	215
Model Specification.....	216
Definitional Equations.....	217
Behavioral Equations.....	217
Model Structure.....	218
Decision Rules.....	218
Lagged Model Structure.....	219
Conclusion.....	219
Review Questions.....	221
Review Answers.....	222
<b>Chapter 15 – Optimization Techniques, Financial Modeling, and Executive Training.....</b>	<b>223</b>
Learning Objectives.....	223
Introduction.....	223
Use of Linear Programming.....	223
Applications of LP.....	223
Formulation of the LP Model.....	224
Generation of Budgets Based on Optimal Mix.....	226
Use of Goal Programming (GP).....	228
Spreadsheet Modeling.....	229
Forecasting Financial Distress with Z Score.....	230
Z-Score Model.....	230
More Applications of the Z Score.....	232
Words of Caution.....	232
Training with Management Games.....	232
Executive Management Games.....	233
Advantages and Disadvantages of Executive Games.....	235
Validating the Game.....	235
Conclusion.....	236
Review Questions.....	237
Review Answers.....	238
<b>Glossary.....</b>	<b>239</b>
<b>Index.....</b>	<b>249</b>
