|   |               |
|---|---------------|
| <b>Introduction .....</b>   | <b>1</b>      |
| About This Book .....   | 1             |
| Foolish Assumptions.....  | 1             |
| How This Book Is Organized.....                                       | 2             |
| Conventions Used in This Book .....                                   | 3             |
| Icons Used in This Book .....   | 5             |
| Where to Go from Here.....  | 5             |
| <br><b>Chapter 1 – Protecting Workbooks and Worksheet Data .....</b>  | <br><b>7</b>  |
| Learning Objectives .....   | 7             |
| Introduction.....   | 7             |
| Password-Protecting the File .....                                    | 7             |
| Protecting the workbook when saving the file .....                    | 7             |
| Assigning a password to open from the Info screen.....                | 10            |
| Entering the password to gain access .....                            | 10            |
| Entering the password to make changes.....                            | 11            |
| Changing or deleting a password .....                                 | 12            |
| Protecting the Worksheet.....   | 12            |
| Changing a cell's Locked and Hidden Protection formatting .....       | 13            |
| Protecting the worksheet.....   | 14            |
| Enabling cell range editing by certain users.....                     | 17            |
| Doing data entry in the unlocked cells of a protected worksheet ..... | 20            |
| Protecting the workbook.....  | 22            |
| Protecting a shared workbook .....                                    | 22            |
| Review Questions.....   | 24            |
| Review Answers .....  | 25            |
| <br><b>Chapter 2 – Using Hyperlinks .....</b>                         | <br><b>27</b> |
| Learning Objectives .....   | 27            |
| Introduction.....   | 27            |
| Hyperlinks 101 .....  | 27            |
| Adding hyperlinks .....   | 28            |
| Follow that link! .....   | 30            |
| Editing hyperlinks.....   | 30            |
| Using the HYPERLINK Function .....                                    | 31            |
| Review Questions.....   | 33            |
| Review Answers .....  | 34            |
| <br><b>Chapter 3 – Sending Workbooks Out for Review.....</b>          | <br><b>35</b> |
| Learning Objectives .....   | 35            |
| Introduction.....   | 35            |
| Preparing a Workbook for Distribution.....                            | 35            |
| Adding properties to a workbook .....                                 | 36            |
| Digitally signing a document.....                                     | 37            |
| Workbook Sharing 101 .....  | 40            |
| Turning on file sharing .....   | 42            |
| Modifying the Share Workbook options .....                            | 43            |
| Turning on change tracking.....                                       | 45            |
| Merging changes from different users .....                            | 48            |
| Workbooks on Review .....   | 50            |
| Adding comments .....   | 51            |
| Marking up a worksheet with digital ink .....                         | 53            |
| Review Questions.....   | 55            |
| Review Answers .....  | 57            |

## Table of Contents

|  |            |
|--|------------|
| <b>Chapter 4 – Sharing Workbooks and Worksheet Data.....</b>     | <b>59</b>  |
| Learning Objectives .....  | 59         |
| Introduction.....  | 59         |
| Sharing Your Workbooks Online .....                              | 59         |
| Sharing workbooks saved on your OneDrive.....                    | 60         |
| E-mailing workbooks.....   | 62         |
| Sharing workbooks with Instant Message.....                      | 63         |
| Presenting worksheets online .....                               | 63         |
| Editing worksheets online .....                                  | 64         |
| Excel 2016 Data Sharing Basics .....                             | 66         |
| Excel and Word 2016.....   | 67         |
| Excel and PowerPoint 2016 .....                                  | 72         |
| Exporting Workbooks to Other Usable File Formats .....           | 73         |
| Saving and exporting worksheets as PDF files.....                | 73         |
| Saving worksheets as XPS files.....                              | 74         |
| Saving worksheets as ODS files .....                             | 74         |
| Saving worksheets as HTML files .....                            | 75         |
| Review Questions.....  | 77         |
| Review Answers .....   | 78         |
| <b>Chapter 5 – Building and Maintaining Data Lists.....</b>      | <b>81</b>  |
| Learning Objectives .....  | 81         |
| Introduction.....  | 81         |
| Data List Basics.....  | 81         |
| Designing the basic data list.....                               | 81         |
| Add new records to a data list .....                             | 84         |
| Eliminating records with duplicate fields .....                  | 88         |
| Sorting Data .....   | 89         |
| Sorting records on a single field .....                          | 89         |
| Sorting records on multiple fields .....                         | 90         |
| Sorting the columns of a data list .....                         | 93         |
| Sorting a data list on font and fill colors and cell icons ..... | 96         |
| Subtotaling Data .....   | 96         |
| Review Questions.....  | 99         |
| Review Answers .....   | 100        |
| <b>Chapter 6 – Filtering and Querying a Data List.....</b>       | <b>103</b> |
| Learning Objectives .....  | 103        |
| Introduction.....  | 103        |
| Data List Filtering 101 .....                                    | 103        |
| Filtering Data .....   | 104        |
| Using AutoFilter .....   | 104        |
| Using the Advanced Filter .....                                  | 111        |
| Using the Database Functions .....                               | 117        |
| External Data Query .....  | 119        |
| Retrieving data from Access database tables .....                | 120        |
| Retrieving data from the web .....                               | 123        |
| Retrieving data from text files .....                            | 124        |
| Querying data from other data sources .....                      | 127        |
| Retrieving external data with Microsoft Query.....               | 128        |
| Review Questions.....  | 135        |
| Review Answers .....   | 137        |
| <b>Chapter 7 – Performing What-If Scenarios.....</b>             | <b>141</b> |
| Learning Objectives .....  | 141        |
| Introduction.....  | 141        |
| Using Data Tables .....  | 142        |

## Table of Contents

|  |            |
|--|------------|
| Creating a one-variable data table .....                         | 142        |
| Creating a two-variable data table.....                          | 144        |
| Exploring Different Scenarios.....                               | 146        |
| Creating new scenarios.....                                      | 147        |
| Producing a summary report.....                                  | 150        |
| Hide and Goal Seeking .....                                      | 151        |
| Using the Solver .....   | 153        |
| Setting up and defining the problem.....                         | 153        |
| Solving the problem .....  | 155        |
| Changing the Solver options .....                                | 156        |
| Saving and loading a model problem .....                         | 158        |
| Creating Solver reports .....                                    | 158        |
| Review Questions.....  | 159        |
| Review Answers .....   | 160        |
| <b>Chapter 8 – Performing Large-Scale Data Analysis.....</b>     | <b>163</b> |
| Learning Objectives .....  | 163        |
| Introduction.....  | 163        |
| Creating Pivot Tables.....                                       | 163        |
| Pivot tables with the Quick Analysis tool.....                   | 164        |
| Recommended pivot tables.....                                    | 166        |
| Manually created pivot tables.....                               | 167        |
| Formatting a Pivot Table.....                                    | 170        |
| Refining the pivot table layout and style .....                  | 171        |
| Formatting the parts of the pivot table .....                    | 172        |
| Sorting and Filtering the Pivot Table Data .....                 | 174        |
| Filtering the report.....  | 174        |
| Filtering individual Column and Row fields .....                 | 175        |
| Slicing the pivot table data .....                               | 176        |
| Using timeline filters.....                                      | 177        |
| Sorting the pivot table .....                                    | 178        |
| Modifying the Pivot Table.....                                   | 178        |
| Changing the summary functions .....                             | 180        |
| Adding Calculated Fields .....                                   | 181        |
| Changing the pivot table options .....                           | 182        |
| Creating Pivot Charts.....                                       | 183        |
| Moving a pivot chart to its own sheet.....                       | 183        |
| Filtering a pivot chart.....                                     | 184        |
| Formatting a pivot chart .....                                   | 185        |
| Using the PowerPivot and Power View Add-Ins.....                 | 185        |
| Data modeling with PowerPivot.....                               | 186        |
| Switching between the Data View and Diagram View.....            | 188        |
| Adding calculated columns courtesy of DAX .....                  | 189        |
| Creating visual reports with Power View.....                     | 191        |
| Using the Power Map feature.....                                 | 193        |
| Creating Forecast Worksheets .....                               | 196        |
| Review Questions.....  | 200        |
| Review Answers .....   | 202        |
| <b>Chapter 9 – Recording and Running Macros .....</b>            | <b>205</b> |
| Learning Objectives .....  | 205        |
| Introduction.....  | 205        |
| Macro Basics .....   | 205        |
| Recording macros.....  | 205        |
| Running a macro .....  | 209        |
| Assigning Macros to the Ribbon and the Quick Access Toolbar..... | 210        |
| Adding your macros to a custom tab on the Ribbon.....            | 210        |

## Table of Contents

|  |            |
|--|------------|
| Adding your macros to custom buttons on the Quick Access toolbar ..... | 211        |
| Macro Security.....  | 211        |
| Review Questions.....  | 213        |
| Review Answers .....   | 214        |
| <b>Chapter 10 – VBA Programming.....</b>                               | <b>217</b> |
| Learning Objectives .....  | 217        |
| Introduction.....  | 217        |
| Using the Visual Basic Editor .....                                    | 217        |
| Editing recorded macros .....  | 219        |
| Writing new macros in the Visual Basic Editor.....                     | 227        |
| Creating Custom Excel Functions .....                                  | 228        |
| Adding a description to a user-defined function .....                  | 230        |
| Using a custom function in your spreadsheet .....                      | 231        |
| Saving custom functions in add-in files.....                           | 233        |
| Review Questions.....  | 236        |
| Review Answers .....   | 237        |
| <b>Glossary.....</b>   | <b>239</b> |
| <b>Index .....</b>   | <b>243</b> |
